

Friends,
 As the 2024-2025 school year ends, many families in our community brace for a summer filled with uncertainty. They struggle to find safe and enriching care for their children while they are at work. Students also experience the dreaded “summer slide” as they miss critical academic engagement from school and tutoring.

At Generations United, we’re deeply committed to standing with our community, especially during the summer, when the need for safe, supportive environments is greatest. Each year, our summer camp provides a place where children can learn, grow, and thrive. However, making this possible requires significant resources, including staffing, supplies, and space. Like every year, we’re committed to fully sponsoring children and teen interns so they can participate in our impactful programs, regardless of their family’s financial situation. Without access to enriching summer opportunities, many kids are left alone, glued to screens, or caring for younger siblings while their parents work long hours to make ends meet. With your help, we can offer these children a summer of growth, belonging, and safety—experiences every child deserves.

We are grateful that our partnership will last for 6 weeks. Your gift will directly support these children, giving them care, connection, and joy during this critical time. As you can see, the students pictured here have been with us for many years, and we value these enduring relationships.

How you can help:

- Sponsor a child or intern for the summer.
- Donate to support our summer programs.
- Share this message with others who want to help.
- Pray for these students.
- Join us as a volunteer

Together, we can give children a summer to remember—full of opportunity, safety, and community.

For 18 years, we’ve been serving Redwood City & North Fair Oaks families with love and dedication. While other summer programs typically cost between **\$600** and **\$1,000** per child per week, we strive to offer an option that is more affordable for more families. Return the enclosed response or scan the QR code to join us in the Summer of 2025! We are so excited to share more about this summer and our big news with you soon!

Gratefully yours,

Angie Ibarra Miller

I was hungry and you gave me food, I was thirsty and you gave me drink, I was a stranger and you welcomed me. Matthew 25:35
